

BORDEREAU'S WRITER

Exposed His Ignorance of the Artillery Technicalities.

FAVORABLE FOR DREYFUS.

The Witness Causes General Roget to Back Down From His Sweeping Statement Which Caused Disgust.

Rennes, Sept. 1.—Immediately after the opening of the fifth session of the fourth week of the second trial by courtmartial of Captain Alfred Dreyfus, charged with treason, the president of the court, Colonel Jouaust aroused the interest of the audience by remarking: "Maitre Labori the other day asked that information be obtained regarding the character of a certain witness. I would not have acceded if the witness had not expressed a similar desire. Information will be read."

The clerk of the court accordingly read a report regarding M. Dubreuil, the Parisian friend of M. de Beaurepaire, who testified August 23 to the effect that Dreyfus met a German attaché at the house of a mutual friend named Bodson and four cross-examinations reflected severely on his reputation.

The report was to the effect that M. M. Dubreuil never was a horse dealer as claimed by M. Labori and that the character of the witness was most respectable, he being held in general esteem.

A groom named Germain then deposed to seeing Dreyfus at the German army manoeuvres in Alsace. Colonel Jouaust questioned Dreyfus on this point. The general effect of the testimony of the witness was rather unfavorable to the prisoner. Germain declared he saddled a horse for Dreyfus to follow the manoeuvres. Colonel Jouaust questioned Dreyfus and although he did not confound the prisoner in any way, Dreyfus made a reply in declaring that he could not remember whether he hired horses of Germain's employer or not.

The next two witnesses, however, gave strong testimony in favor of Dreyfus and sadly knocked Germain's testimony about. His employer, a man named Kuhlman, got up and deposed that all Germain had said was untrue and Major Infreville followed and declared he never knew Dreyfus, so Germain's allusions to him were baseless.

Captain Lemmonier, who was a probationer on headquarters staff the same time as Dreyfus, deposed that the prisoner told him he was well acquainted with a certain German position because he had followed the Alsatian manoeuvres.

Misunderstood Dreyfus.
Dreyfus replied that Captain Lemmonier must have mixed up his remarks. The prisoner added that he was acquainted with that part of Alsace because he had spent his youth there, and not because he was present at the manoeuvres of the German army.

The witness named Villon then told a tale of how he overheard a conversation in a Berlin cafe between two German officers, in which a remark was made that mobilization plans were expected from Dreyfus. The cafe, however, has since disappeared and as there are no means of verifying Villon's story, it certainly should not have much effect. Two or three witnesses, in support of Dreyfus on artillery questions, were next heard and Commissary Fischer said that he was charged to investigate the leakage of documents at the gunnery school at Bourges and found nothing to incriminate Dreyfus.

Lieutenant Bernheim testified that he lent Esterhazy documents dealing with artillery and was unable to get them back and Artillery Lieutenant Brugere, who attended a gunnery course at Chalons, testified that it was easy for an outsider to obtain particulars about the guns. He said that he himself had on one occasion lent his firing manual to an infantry officer. General Roget asked to be confronted with the witness and said the latter wrote M. Cavalgnae, then minister of war, a violent letter of resignation in which he declared it was a dishonor to serve in the French army.

This declaration caused a scene for Lieutenant Brugere, turning to General Roget, cried: "I protest against General Roget's words. I affirm that I never said any such thing."

General Roget then backed down saying: "Well, that was the general sense of the letter." A roar of disgust came from the audience. M. Labori, leading counsel for the defense, and Colonel Jouaust agreed that the let-

ter should be obtained from the ministry of war and read in court.

General Siebert followed. He also proved a trump card for Dreyfus, as he declared the wording of the bordereau revealed professional ignorance. He said the man who wrote it was not an artillery officer and he said such an officer as Dreyfus could not make the mistakes he referred to. More support for Dreyfus was forthcoming in the deposition of Major Hartman of the artillery, to express the opinion that the author of the bordereau did not know what he was writing about since he spoke of the "120 short" gun when he meant the "120 long" gun. His evidence was directed entirely to show that Dreyfus was not the author of the bordereau.

GOVERNOR BUSHNELL

Presents a Silver Service to the Gunboat Marietta.

Boston, Sept. 1.—Governor Bushnell of Ohio in behalf of the citizens of Marietta presented a silver service to gunboat Marietta at the Charlestown navy yard. Governor Bushnell was accompanied by a delegation of Marietta citizens. On reaching the navy yard the governor was received with a salute of 17 guns and under escort of marines proceeded to the dry dock in which the vessel lay decorated with flags and bunting. The crew of the Marietta, officers of the navy yard and the invited guests were assembled on deck. After Governor Bushnell had presented the gift, Commander Gleen, of the Marietta, responded and short addresses were made by Rear Admiral Pickering, commandant of the navy yard, Colonel J. Payson Bradley, representing Governor Wolcott, and Mayor Quincy of Boston.

Pittsburg Coal Combine.

Cleveland, O., Sept. 1.—The Pittsburg coal mine combination has been formed and a meeting will be held within two weeks to elect officers. The new corporation is the Pittsburg Coal company, and its capital stock is \$64,000,000. It owns the coal properties of 104 of the 107 individuals and firms in the business, has practically absolute control of the docks and coal loading plants on the great lakes, and has a monopoly on all the outlets to the coal markets of the East, West and Northwest.

New Incorporations.

Columbus, O., Sept. 1.—The Mount Hope Evangelical church, Shiloh; the Port Clinton Telephone company, Port Clinton, increase of capital stock from \$15,000 to \$30,000; the Seventeenth Ward Republican club of Cincinnati; the Fidelity Coal and Supply company, Lima, capital stock \$10,000.

Raised a Riot.

Cincinnati, Sept. 1.—During a lecture on the Philippines at Cincinnati Murat Halstead called one of his hearers, who expressed sentiments for the defeat of General Otis, a traitor. A riot followed and Mr. Halstead was led out of the place by a side door.

Returning to Washington.

Canton, Sept. 1.—President and Mrs. McKinley and the party accompanying them left here at 9 p. m., going direct to Washington.

World's Harvest.

Vienna, Sept. 1.—The Hungarian ministry of agriculture has just issued its annual estimates of the world's harvest. This points to a considerable deficiency. While the stocks remaining from last year are much smaller than was generally supposed, the wheat yield is 110,000,000 hectolitres below last year's yield and about 34,000,000 short of the entire world's demand. The estimated yield of rye is 5,000,000 less than that of last year; of barley 23,000,000 less and of oats 35,000,000 less.

Want Parcels Post Treaty.

Washington, Sept. 1.—The recent success of the German minister, Mr. Von Mumm, in negotiating a parcels post convention with this country, is leading to inquiries from other governments. It is understood France would welcome a similar parcels post treaty, and that negotiations are likely to be opened at an early day. The British government likewise has taken steps looking to a treaty.

Dewey Home Fund.

Washington, Sept. 1.—Frank A. Vanderlip, chairman of the Dewey home fund, and Eli Roberts, treasurer, issued the following statement to the public regarding the fund: "The Dewey home fund now exceeds \$21,000 in the hands of the treasurer, from 27,695 contributors, with sums aggregating about \$15,000 or \$18,000 reported as subscribed, still held by local committees and subscribers."

Bloemfontein, Orange State, Sept. 1.—The assertion made by a local newspaper that orders have been given for the immediate supply of equipment and cartridges to the Orange Free State artillery is declared to be unfounded.

GOVERNMENT OF CUBA

General Fitzhugh Lee Urges the Erection of a Republic.

QUALIFICATION OF VOTERS

The Sturdy Warrior Advises the Holding of a General Election For the Section of a President and Congress.

Washington, Sept. 1.—General Fitzhugh Lee has made an elaborate report on prevailing conditions in the territory in Cuba under his jurisdiction and takes strong ground for an independent government for the Cubans under an American protectorate.

The war department in March directed the commanders of the departments in Cuba to make a report on the conditions in their several sections and to accompany it with recommendations as to the treatment of the natives. General Lee is the only commander who has so far responded.

General Lee begins his report by stating that conditions in Havana and Pinar del Rio provinces are making rapid progress toward a state of peace, good order and prosperity. He goes into this in great detail, taking up the subject town by town and showing a general improvement throughout the western end of the island.

His report in this respect is very gratifying, indicating as it does that there is not as much suffering from want of food as is often asserted in unofficial reports.

Turning to the recommendations General Lee urges the taking of a census as a first step toward the establishment of self-government. General Lee thinks that the next step should be the careful consideration of the question of suffrage from the Cubans. He takes it for granted there will be elections by the natives and he has points of importance of wise action in determining the qualifications of voters.

He recommends an independent government with a president, a vice president and a congress. He would have this established soon and advises the holding of a general election for the selection of those officers. He says nothing about a constitution, leaving it to be inferred that he either overlooked that step or would have it left to the Cuban congress to provide after its installation in office. In this connection he lays stress upon the need of a system of jurisprudence suitable for an independent government and so guarded as to secure justice to the people.

General Lee evidently foresees that while the United States might provide Cuba with a model system of government the natives would be likely to spoil it in the administration and he has submitted suggestions for keeping the government machinery running along lines that commend themselves to the American mind.

He says the United States should keep a strict supervision over Cuba until its republican government is completed and firmly established.

Even after relieving the Cubans in part of American protection, he would have United States troops maintained in the island to protect Americans and other aliens in the enjoyment of their personal and property rights.

Promotions by Lineal Rank.

Washington, Sept. 1.—The war department is making up the lineal rank of the officers recently appointed in the first 13 volunteer regiments. These are being made by regiments only and not for the whole of the volunteers. Promotions in the future will be made in regiments based upon this lineal rank. Length of time in which officers served as officers in the service of the United States will determine the rank of the new officers. Service in the militia will not count.

Funeral of Colonel Hawkins.

Pittsburg, Sept. 1.—The remains of Colonel Alexander Leroy Hawkins, commander of the Tenth Pennsylvania volunteers who died on shipboard while enroute to San Francisco from Manila, were buried with military honors in the family lot in the Washington cemetery at Washington, Pa. The services at the cemetery were in charge of Chaplain Joseph L. Hunter of the Tenth regiment. Fully 20,000 people were present.

Training Ship Overdue.

Washington, Sept. 1.—The navy department is still without the slightest apprehension on the score of the training ship Monongahela, although she is about four days overdue at the Chesapeake capes. This is a trifling delay in the case of a sailing ship (for the Monongahela was not expected to use her engines to any extent) on a cruise as long as that from Funchal to Hampton roads.

GENERAL FUNSTON

Thinks the Insurgents Will Soon Be Scattered in Small Bands.

Manilla, Sept. 1.—Of the troops about to return to the United States, the Kansas men will leave on board the transport Tartar, the Washington regiment on board the Pennsylvania and the Nevada cavalry on the Ohio.

All these departures will occur within the next week. Eight hundred men of the Kansas regiment will return and 200 will remain at Manilla, 150 of them re-enlisting.

Three officers and 30 men of the Kansas were killed and 19 officers and men died from disease during the smallpox epidemic, while 122 members of the regiment were wounded.

Of the Washingtons 875 men are embarking while eight officers and 206 men will stay, most of them remaining, re-enlisting in the new regiments being formed here. One of the officers of the regiment was killed, one was wounded and one died from disease; 24 men were killed, 123 wounded and nine died.

General Frederick Funston and Mrs. Funston are with the general's regiment. General Funston has undergone an operation necessitated by an injury resulting from a fall from his horse while serving in the Cuban army with General Gomez.

In the course of an interview General Funston remarked that he would not mind staying in Luzon. He dislikes war, but inasmuch as there is fighting he would like to remain and aid in bringing it to a close.

Speaking of the future he said: "The only solution of the problem will be through whipping the insurgents. I do not think they will surrender. When we begin active operations against them on a larger scale in the autumn we will scatter them into small bands and I think when the soldiers composing these bands see they are persistently pursued they will throw away or hide their arms and return to the pursuits of peace. A year hence small bodies of armed men will be able to go anywhere in Luzon."

Waiting For Jiminez.

Cape Haitien, Haiti, Sept. 1.—On receipt of a telegram from Jiminez, leader of the revolution in San Domingo, saying he has been set at liberty and is leaving Santiago de Cuba for Puerto Plata, General Imbert, the actual governor of Puerto Plata, has announced that Jiminez will soon arrive at Puerto Plata. The whole country is awaiting his arrival and the population is calm. General Guellto, the governor of Monte Christi, alone refuses to capitulate. He declares he is awaiting confirmation of the news of the success of the revolution to give up the city and commit suicide.

Six Germans Shot.

London, Sept. 1.—A dispatch from Shanghai reports that serious trouble has occurred in the Kiaou Chou highland between the Germans and Chinese, in which six of the latter were shot. The German minister to China, Baron von Ketteler, has handed an ultimatum to the Chinese government declaring that unless there is security of life and property and order is maintained in the highlands Germany will take steps to protect her own interests.

Sampson Will Be Relieved.

Washington, Sept. 1.—At the conclusion of the Dewey celebration at New York Admiral Sampson will be relieved of the command of the North Atlantic squadron. This action is to be taken at the request of the admiral, who has already had much more than his portion of sea service in his grade. He will be assigned to shore duty, probably in command of one of the navy yards. Either Remy or Farquhar will succeed Sampson.

Will Command the Iowa.

San Francisco, Sept. 1.—Captain C. F. Goodrich, of the cruiser Newark, has been detached from that command and will assume command of the battleship Iowa, relieving Captain Terry, who is ordered home on waiting orders. At the same time the command of the Newark will devolve upon Captain B. H. McCallar. It is expected Captain Terry will soon be promoted to the rank of rear admiral.

Five Children Drowned.

Bridgeport, Conn., Sept. 1.—Five children, four girls and one boy, the children of farmers, living in Easton, were drowned at Black Rock while bathing. The two families were picnicking. The fathers and five children, none of whom could swim, beyond their depth. Members of a camping party went to their assistance, but only the men were rescued.

Excitement In Transvaal.

Cape Town, Sept. 1.—Reports received here from various outlying districts of the Transvaal describe them as being in a state of excitement. The Burghers, it is said, are watching the developments keenly, but the majority of them hope for a peaceful settlement of the crisis.

FIVE MEN ARE KILLED

By Terrific Boiler Explosion at the Republic Iron Works.

THE MILL PARTLY WRECKED

The Property Took Fire, Making the Work of Rescue Among the Wreckage Difficult—Names of Victims.

Pittsburg, Sept. 1.—A boiler explosion at the Republic Iron works shortly before daylight killed five men and seriously injured several others. Fire which broke out following the explosion added to the horror. The mill was partly wrecked and the entire plant was compelled to close down.

The list of killed and injured follows: Killed, David Matthews, Thomas Beavens, William Thomas, John Warminski, John Evans, crushed almost beyond recognition. Injured, Malachi Donohue, 58, puddler, not expected to recover; Neil Donohue, his son, 28, burned about the head and breast, will die; Frederick Herb, a helper, 48, skull fractured and burned all over body, will die; Stephen Malacaski, a laborer, bruised and cut, will recover; Henry Sanders, a puddler, not serious; Peter Schnitzer, a helper, not serious; unknown man, cut about head, left the hospital without giving his name.

The explosion occurred just as the night force was leaving and the day force was coming on duty, so there were only a few men in the mill at the time. If it had happened half an hour later the list of dead and injured would have been appalling. It occurred in the 14-inch department and the concussion was terrific. Buildings were shaken a mile away and dust filled the air for two or three blocks. It entered open windows and nearly suffocated persons who were aroused by the roar and the shock.

Immediately following the explosion the wreckage took fire and this added to the difficulties encountered in rescuing the burned and mutilated victims. A fire alarm was quickly sounded and in a short time the flames were in control after which the firemen were employed in searching the ruins for the dead and injured. The first two bodies taken out were identified as those of Beavens and Matthews. The bodies were lying against their wrecked furnace. The men had been knocked down by the flying bricks and were roasted to death by the heat of their own furnace.

YELLOW FEVER

Makes Its Appearance at Key West. Garrison to Be Removed.

Washington, Sept. 1.—General Frank, commanding the department of the gulf, has telegraphed the war department that four cases of yellow fever have appeared at Keywest and asked instructions. In reply General Miles sent telegraphic instructions directing the removal of the garrison at Keywest to such point as General Frank may deem best, but suggesting Fort McPherson on account of the ample quarters at that post.

The garrison at Keywest is composed of batteries B and N, First artillery.

The acting assistant surgeon at Keywest has also reported to General Sternberg that four cases of yellow fever have appeared in the town. There are no cases among the troops.

Samoans Helpless.

Atlanta, Ga., Sept. 1.—Chief Justice William L. Chambers of Samoa arrived here en route to Washington to discuss the affairs of the island with Secretary Hay. He has been at his home in Alabama for several weeks. In speaking of Samoa, Mr. Chambers said: "My own opinion is that annexation of the islands by one of the treaty powers is the only solution. The Samoan islands are of small territory and the people are weak in national power."

Senator Morgan's Prediction.

Birmingham, Ala., Sept. 1.—United States Senator John T. Morgan, who declared some time ago against Bryan's renomination and John W. Tomlinson, Bryan's lieutenant in this state, spoke at Maplesville, Ala., the former for and the latter against expansion. Morgan said in his speech that Bryan was the only logical nominee of the Democratic party in 1900. He predicts McLean's election in Ohio.

A Circus Wrecked.

Toiner's Station, Tenn., Sept. 1.—A special train bearing Cooper's circus was wrecked here by the bursting of an airbrake hose and 12 persons were more or less injured and circus property and animals scattered in all directions. No doctors are obtainable at that place and it is impossible to tell the extent of the injuries.

WEATHER FORECAST.

Generally fair; continued warm Saturday and Sunday.

Of all the liars and villifiers in the business, that Republican gang now in charge of the Louisville Dispatch are certainly entitled to the cake. The once respectable sheet has become a disgrace to journalism.

The Democratic State Campaign Committee has arranged for a tour of the mountains by Senator Goebel, to begin at Greenup September 13 and continue ten days. Mr. Goebel's opponent, General Taylor, is now journeying through that section.

The nomination of Hon. John R. McLean for Governor of Ohio puts new energy into the Democracy of the Buckeye State. He is fully equipped in every way to give the Republicans the fight of their lives, and that he will do so is a foregone conclusion. With McLean as leader there is hope of a grand victory in Ohio next November.

The beef trust is again putting the screws to the people. Since its successful combat with the War Department, it appears to have made up its mind that the United States and all that therein is, belongs to it, "body, soul and breeches." It's difficult to get away from a trust, particularly of the Chicago brand, says the Verdict.

The rank and file of the Republicans are not enthused over General Taylor's candidacy, and a strong pressure is being brought to bear on Gov. Bradley to get out and whoop things up. The latter, however, has a supreme contempt for Taylor, and if he does any talking it will not be in Mr. Taylor's behalf, but for the party.

The New York World says: "Ten more regiments for the Philippines has a martial sound. But it means an addition of \$12,500,000 a year to the taxpayers' burden. It means the loss of two or three thousand more American lives. It means an ultimate addition of six or eight thousand names to a pension list now near the million mark. And all for what?"

The anti-Goebel Democrats adopted the following as a plank in their platform:

"We condemn the present State administration because of its well-known mismanagement and extravagance in office."

And these very kickers are doing all they can to continue this "mismanagement and extravagance in office." Their one aim in the present campaign is to do what they can to elect Taylor.

That fellow Carter, who got away with nearly \$2,000,000 of the public funds, and who was convicted over a year ago and ordered fined and discharged from the army, is still drawing his pay and wearing the uniform he has disgraced. Attorney General Griggs is still "monkeying" with the case and declares that Carter's lawyers must be heard some more. In the meantime officers who got away with only a few hundred dollars have been summarily bounced. That's Republican justice.

HELD BACK.

Republican Officials Charged With Manipulating the State School Fund.

Retained Over \$250,000 of Public Money Last Year to Make a Good Showing This Year.

[Smithland Banner]

The school fund per capita last year was \$2.30; this year it is \$2.70. We have been asked for an explanation of this. It is very simple and easily explained.

The State Auditor's report, as to the source from which this year's fund is derived, shows that \$265,242.09 is "balance from last year." There were last year in round numbers 700,000 pupil children in the State. Dividing the \$265,242.09 by 700,000, we have a quotient of about 37 cents. This 37 cents due every child in the State last year, should have been paid last year, and the per capita should have been \$2.67 instead of \$2.30. Why was it held back? Simply to raise the per capita this year because a campaign is on. In other words, the Republican administration stole \$265,242.09 from the teachers of last year and are paying it to the teachers of this year in hopes of gaining votes.

If every teacher in the State were to teach the same school this year he taught last, he would get his money—a year after it was due him—but they do not all succeed themselves, and about 15 per cent. of those who taught last year do not teach at all this year; this class has been robbed outright.

We had become so accustomed to Republican thefts that we thought nothing they might do could surprise us, but we must confess that the audacity of this steal takes our breath away; it is about the coolest piece of robbery ever perpetrated in the Commonwealth. The 119 counties of the State were each robbed of \$2,228 on an average.

Another remarkable feature of the case is that, after holding the fund back last year and for three years previous, and dumping it all into this year's fund, they still fall short 15 cents of what the per capita was when they took charge four years ago. It was then \$2.85. It only takes a little figuring just here to show that with the per capita up to \$2.70 this year there is still a neat little sum unaccounted for in the four years on the basis of a per capita of \$2.85 which the Democratic administration paid its last year.

We are at a loss to know how a decent Republican can vote for the Bill Taylor gang again with facts like these staring him in the face.

MORE ABOUT THE STEAL.

Per capita 1895, last year of Democratic rule.....\$2.80
Per capita 1896, first year of Republican rule.....2.20
Per capita 1897, second year of Republican rule.....2.20
Per capita 1898, third year of Republican rule.....2.30
Per capita 1899, last year of Republican rule.....2.70
From '95 to '96 a shortage of.....60
From '96 to '97 a shortage of.....60
From '97 to '98 a shortage of.....50
From '98 to '99 a shortage of.....10

Adding we have a shortage, in the four years, of \$1.80 per pupil. Multiplying this by 700,000, the number of school children in the State, we have \$1,260,000 shortage while the Taylor gang has had charge of the State affairs. It is up to somebody to explain. We want to know what became of the dough. Who got it? A half million voters in Kentucky are waiting for an explanation.

CONFERENCE PROCEEDINGS.

Names of the Ministers Who Compose the Trial Committee in the Reeves Case.

CARLEISLE, Ky., Aug. 31.—The second day of the annual meeting of the Kentucky Conference opened with much interest, as the committee which went to Flemingsburg to investigate the charges of immorality brought against the Rev. John Reeves, Presiding Elder of the Lexington district, reported a trial necessary. After the defendant had exhausted his challenges the following composed the committee with the Rev. T. J. Godbey as chairman: Revs. T. B. Cook, O. J. Chandler, R. Hiner, F. K. Struve, W. T. Benton, D. W. Robertson, C. F. Oney, T. W. Watts, J. R. Savage, J. W. Simpson, H. G. Wright and J. S. Sims, with the Rev. E. L. Southgate, of Cynthiana, as prosecutor, the Rev. Reeves defending himself. Only a short session of the court was held to-day, and it is thought something sensational will grow out of the charges, notwithstanding the name of the woman in the case has never been made public. Mr. Marshall, of Fleming, who preferred the charges, it is said, will ask the Bishop that he be heard in open session with ladies excluded from the room, in order that he may be placed in the proper light before the conference.

Rev. H. B. Cockrell, of Louisville, editor of the Pentecostal Herald, who is thought not to have been in full fellowship with the church for several years, was readmitted, after a hard fight, and will be given work.

The correspondence of the Rev. William Shoemith, of Louisville, with reference to some irregularities with the children's orphan home at Louisville, was submitted to a committee, and it is thought he will be removed as field secretary.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

BROWN AND THE BUTCHER.

Lively Incident Recalled in Which the Ex-Governor Figured—A Bad Shot.

[W. P. Campbell in Cincinnati Post.]

LEITCHFIELD, Ky., August 31.—John Young Brown once figured in an amusing, yet serious, gun play while a resident of Henderson. His butcher was the victim, and the cause was an unsatisfactory beefsteak the latter sent to Brown's house.

Brown grabbed up the steak, and, accompanied by a 45-caliber Colt's pistol, rushed to the butcher shop in a rage.

As the story goes, he slammed the steak into Butcher Morgan Swope's face, and when the excitement was all over from one to five of Brown's pistol chambers were empty, and Swope had put an ugly dent in the wall with a five-pound weight.

This trouble furnishes the basis for about eighteen different explanations of how it happened, the most blood-curdling tale about it being that Brown sent five leaden bullets into his antagonist, killing him instantly. The truth about it is that as marksmen both Brown and Swope were about as awkward as a woman's left arm.

Blew a Gale.

St. Johns, N. F., Sept. 1.—A fierce gale along the Labrador coast has wrecked 11 vessels, which were driven ashore at different points while fishing. The extreme extent of the damage done on the coast of Northern Labrador, which is more rugged, is not yet known, but it is feared the results there are more serious and are accompanied with large loss of life.

THE INSTITUTE.

It Closed Friday at Noon After an Interesting and Profitable Session.

The Institute opened Friday by singing "Follow On" and "All to Christ I Owe." Scripture reading and prayer by the Rev. Mr. Porter, of the Baptist Church.

After roll call the Instructor again took up the subject of "Psychology" and gave a very interesting talk, during which the following topics were discussed, viz: Desire, Will, Actions.

After recess the Institute joined in singing "The Banner of the Cross." The Instructor then spent the remainder of the time on the subject of "Arithmetic." The Superintendent, before closing, made a few remarks concerning the school fund.

The Institute then adjourned sine die.

WHERE TAYLOR STANDS

Colored Republicans Are Anxious to Ascertain Soon and Will Force Him to Declare Himself on Separate Coach Law.

Mt. Sterling, Ky., Aug. 29.—This afternoon fourteen of the leading colored citizens of this county, issued a call for a meeting of the colored voters when they will decide what course they will pursue in regard to the candidacy of Taylor, Republican candidate for Governor.

He was waited on by the colored people, Aug. 21, and asked to declare himself in regard to the separate-coach question and to publicly denounce as false the charges made in regard to his unfriendliness to the colored race, but Taylor said not a word because, as he stated, it would drive Democrats from him.

The colored people say that white Republicans, in order to induce them to vote for Stone, said that Taylor favored the separate-coach bill.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased, the whole body must suffer. "Favorite Prescription" dries the debilitating drains, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy checked" by the use of this marvelous medicine.

THE CARTER CASE.

Attorney General Griggs' Latest Excuse For Delaying the Punishment of the Captain.

[New York World.]

The Attorney General's excuse for prolonging the President's shielding of Captain Carter from punishment is that "nothing more can be done in the matter until Wayne MacVeagh, counsel for Captain Carter, has made his argument before me."

Why "before me?" The decision rests with the President. When Lieutenant Morford obtained \$300 on false pretenses and was sentenced to dismissal, and Lieutenant Neall embezzled \$1,600 and received the same sentence, did the President refer the testimony and findings to private counsel and then to the Attorney General? Did he invite and wait for "argument" from their counsel? Not a bit of it!

These Lieutenants were not from Ohio. They had no Senators or other powerful politicians back of them. No "social leaders" interceded in their behalf. Their larcenies were petty and they had no "pull." And the great and good McKinley sternly made an example of them by promptly approving their sentences.

But with Carter it is different. He was "in the push." He commanded a "pull." And thus, though one year, three months and thirteen days have elapsed since he was convicted by the unanimous verdict of a court martial before which Mr. MacVeagh had made his "argument," the Captain is still enjoying freedom under full pay and Mr. McKinley's Attorney General is inventing excuses for prolonging his immunity.

The essence of justice is equality. The President, for reasons which he has never disclosed, has violated the spirit of justice in the Carter case.

THE C. and O.'s F. F. V.—Friday afternoon was run in two sections to accommodate the travel East.

The little four-year-old daughter of Mr. William Houston, of Minerva, died yesterday and the funeral will take place this afternoon at 4 o'clock. Mr. Houston's wife, now deceased, was Miss Mattie Bateman, and a sister of Mrs. Gordon Gilmore.

ALEXANDER JEFFREY, founder of the Lexington gas works and until a few months ago its President, died Friday at his home in that city, aged eighty-four. He was a native of Scotland. He married Mrs. Rosa Vertner Johnson, the poetess. For a long time he was one of the principle stockholders in the old Maysville gas works.

A NOVEL entertainment given recently at a summer resort was a "slang party." Each guest represented a slang phrase by wearing a picture illustrating the particular one chosen. For example, a man hanging by a rope to the limb of a tree meant "I guess that will hold you for awhile;" a roller skate, "This cuts no ice," etc. Prizes were given to those who guessed the greatest number.
